Investment objective

The Fund seeks capital preservation and long term appreciation by investing in a portfolio of companies with a minimum equity exposure of 75% to Spanish and Portuguese's issuers/markets. Investments may entail, among others, market risk due to volatility of equities, exchange rates, investment in emerging countries, as well as geographic and sector concentration.

Investment manager

Cobas AM was founded in 2017 by Francisco García Paramés, a highly reputed portfolio manager with over 25 years of extraordinary track record. Mr. García Paramés leads a portfolio management team of six analysts fully dedicated to a single investment style: Value Investing.

Investment Strategy

The investment team's objective is to construct a long-only diversified portfolio of multi-cap companies that offers attractive risk-return investment opportunities.
The investment philosophy is based on the principles of value investing: the purchase of good businesses, with sustainable competitive advantages,managed by good professionals and that are priced well below their intrinsic value, thus offering significant longterm upside. The manager relies on his fundamental bottomup research and investment experience to identify companies that priced below their intrinsic value. The Fund's portfolio or performance does not track any market benchmark.
